## About KPRIET

KPR Institute of Engineering and Technology (KPRIET), founded by Dr. K. P. Ramasamy, stands out as a leading institute of academic excellence by imparting technical, intellectual, and professional skills to students. The institute, with its diverse and energetic community of students offers a distinguishing blend of some of the premium graduate, undergraduate and research programs, talented faculty, world class amenities and a residential campus set on a sprawling 150 acres of lush green campus.

While students at KPRIET immerse themselves in academics, the institute has a lot in store for them outside the classroom. Student life includes participation in sports, co-curricular activities and cultural. In short, at KPRIET, students will find an academic and social environment where everyone- from faculty members to peer's support shape their future.

KPRIET is a home to artistically designed buildings with state of the-art computer and internet facilities, modern workshops, seminar halls, auditoriums and well stocked libraries, sports and games fields in addition to an indoor badminton court and gymnasium.

KPRIET has a faculty strength of 227 with a faculty student ratio of 1:15. Out of the total, 97 faculty members PhDs. and 102 are in the process of completing their PhDs. As an exemplary institution of learning, KPRIET follows an admission policy that strongly favours merit, even as it enables access to education for students from all strata of society through appropriate scholarships

### **Vision of the Institute**

To become a premier institute of academic excellence by imparting technical, intellectual and professional skills to students for meeting the diverse needs of industry, society, the nation and the world at large

### **Mission of the Institute**

- Commitment to offer value-based education and enhancement of practical skills
- Continuous assessment of teaching and learning processes through scholarly activities
- Enriching research and innovation activities in collaboration with industry and institutes of repute
- Ensuring the academic processes to uphold culture, ethics, and social responsibilities

## About the Department

The Department of Civil Engineering of KPR Institute of Engineering and Technology, Coimbatore was established in the year 2009. The Department has been elevated to its next pedestal by offering PG in Structural Engineering in the year 2014. The Department has been recognized as a Research Centre for pursuing Ph. D. in Civil Engineering by Anna University. It has been accredited by NBA, New Delhi.

The Department also provides an opportunity for students in improving practical knowledge in the field of Civil Engineering and Software skills like AutoCAD, STAAD Pro, ETabs, SketchUp, Arc GIS, 3ds MAX and Revit Architecture through Building Information Modelling – Centre of Excellence, KPR Infra (start-up by students) and Learn-it (Masonry Yard), in addition to Communication and Presentation skills. The students must undergo Industrial Training and Industrial Visit to facilitate them to take up industrial live projects to understand the field constraints. KPR Civil Academy has been established to facilitate the students to take up the training for competitive exams.

The Department of Civil Engineering as well as faculty members has lifetime membership in various Professional Societies like ICI, IGS, IEI, ISTE, IPA and BAI. The Department of Civil Engineering has various Students Chapter like ACI, IGS, IEI, ICI, ISTE to gain knowledge through various programmes conducted by these bodies across the Nation.

## Vision of the Department

To develop competent Civil Engineers to create infrastructure with technology in demand that leads to nation building.

## Mission of the Department

- Provide holistic education to students to enhance technical knowledge and skills
- Indoctrinate augmented contents to meet the requirements of stakeholders
- Promote research and consultancy activities in collaboration with industries
- Foster ethical and moral values with leadership qualities

## Programme Organised

### Industry Expert Lecture On "Carbon Footprint Calculation And Implementation"

**Date: 13.03.2024**

Ms.M.Nithya from Nature Science Foundation has addressed the session on Carbon Footprint Calculation and Implementation. The session was arranged for the subject U21CEX05 - Environment and Agriculture, Students from various department from ECE,CHE & EEE attended the program. She elaborated about the various types of emissions and waste generation.

### Pre Employment Residential Programme And Placement Camp

**Date: 18.03.2024 to 23.03.2024**

Department of Civil Engineering is association with Coimbatore Builders and Contractors Association organized a 6 days residential Pre-Employment Training Programme for the final year students of Civil Engineering across the state of Tamil Nadu. The main purpose was to equip the students with industrial knowledge and skillset required and make them industry ready. Around 36 final year civil engineering students from various institutions like Thiagarajar College of Engineering, Dhanalakshmi Srinivasan college of engineering, PA College of Engineering and Technology, Kumaraguru College of Technology and Hindusthan College of Engineering and Technology have participated in this programme.

In addition to this, around 32 students pursuing final year civil engineering from KPR Institute of Engineering and Technology also participated and benefitted from this residential programme.

## **Alumni Lecture- Structural Columns - Unveiling The Backbone Of Structures**

**Date: 23.03.2024**

The objective of the guest lecture was to provide participants with a comprehensive understanding of structural columns, ranging from fundamental principles to the latest advancements in column design. By exploring both basics and recent developments, the aim was to deepen participants' knowledge of this crucial structural element and its significance in shaping the built environment. Topics such as the integration of high-performance materials and sustainable practices were explored to demonstrate the evolving landscape of column engineering. The lecture concluded with an interactive session where participants had the opportunity to engage with the speaker, ask questions, and share their experiences.

## Workshop On Tekla Structures

**Date: 28.03.2024**

Basic information about Tekla structures was given by Mrs. R. Kavitha, Assistant professor Department of Civil Engineering. 53 students attended the workshop, and the working model was displayed for all the students. A high level of engagement and positive feedback underscored the importance of such training initiatives in bridging the gap between academic learning and industry needs. Throughout the workshop, participants got an opportunity to work on real-world projects, gaining invaluable insights into best practices and efficient workflows. Advanced topics, including collaboration with other disciplines and utilizing Tekla Structures for complex geometries and detailing were be explored

## **Industry Visit by Students**

### Visit To VPG BUILD WELL India Pvt Ltd, Coimbatore

**Date: 12.02.2024**

Students of I year Department of Civil Engineering went for an Industrial Visit to VPG Build Well India Pvt Ltd, Coimbatore. During the visit, students were introduced to various aspects of construction equipment manufacturing, including the processes involved in designing and manufacturing different types of construction machinery. They have been taken through the manufacturing plant, where they could observe the fabrication units, and quality control procedures. The Industrial Visit offered students a practical understanding of construction equipment manufacturing processes, equipment functionalities, and recent

technological advancements, thereby complementing their theoretical knowledge gained in the classroom and enhancing their overall learning experience in the field of Civil Engineering.

## Visit to Kadaieswari RMC

**Date: 04.03.2024**

II Year students of the Department of Civil Engineering went for an industrial visit to Kadaieswari RMC. During the visit, they gained insights into the manufacturing techniques employed in producing RMC concrete, as well as explored the latest innovations in the field. The field visit was highly beneficial for the students and gave them a better understanding of the working of RMC.

## Visit to RAAC

**Date: 23.03.2024**

Students of III Year, Department of Civil Engineering visited RAAC. During this visit, they gained insight into the concepts of effective waste management and resource usage. These concepts aim to promote infrastructure advancement and enhance the overall wellbeing of residents in the Coimbatore region. By understanding these concepts, the students will be better equipped to contribute to infrastructure advancement and utilize available the resources in a sustainable manner to meet the needs of the present without compromising the ability of future generations to meet their own needs.

## Faculty Publications

- **S. Anandaraj** , S. Sakthi Sowmya, A.R. Krishnaraja, T. Mithun published a paper on the title “Development of Green Engineered Cementitious Composite using Fly Ash and Nanosilica for 3D Printing”
- **S. Logeswaran**, published a book chapter titled “GIS & Remote Sensing Recent Trends Tools and Applications”
