

DEPARTMENT OF CIVIL ENGINEERING

REPORT ON WEBINAR “PHOTOMEMBRANE FOR WATER AND WASTEWATER TREATMENT”

The Department of Civil Engineering of KPR Institute of Engineering and Technology conducted an Interactive session on “Photomembrane for Water and Wastewater Treatment” on 25.10.2021. The main aim of this webinar is to make the students awareness about Wastewater Treatment processing in Environmental field.

Dr. S. Ambika, Ph.D., Assistant Professor, Department of Civil Engineering, IIT Hyderabad, gave a brief presentation on Photomembrane for Water and Wastewater Treatment, the benefits over to remove as much of the suspended solids as possible before the remaining water and Wastewater treatment systems eliminate disease-causing bacteria and kills harmful organisms.

Finally, Dr. S. Ambika, Ph.D., Interacted with the participants and answered their questions, Totally 122 participants participated in the webinar through google meet.

The poster features the KPR Institute of Engineering and Technology logo and name at the top left, and the Department of Civil Engineering logo and name at the top right. The main title is "Webinar on Photomembranes for Water and Wastewater Treatment". Below the title is a circular portrait of Dr. S. Ambika, followed by her name and title: "Resource Person Dr.S.Ambika Assistant Professor Department of Civil Engineering IIT Hyderabad". A green oval contains the event details: "Date: 25/10/2021 Time: 10 AM - 11 AM Venue: THANAM HALL". At the bottom left, it lists the "Convenor: Dr. G. Anusha Head/Civil Department" and "Coordinators: Dr.S. Kanmani Mr.S.Ganesh kumar". The bottom right corner includes the "SUSTAINABLE DEVELOPMENT GOALS" logo and a small red icon.
