

**DEPARTMENT OF CIVIL ENGINEERING**

**REPORT ON WEBINAR “ECO FRIENDLY CONSTRUCTION”**

The Department of Civil Engineering of KPR Institute of Engineering and Technology conducted an interactive session on “Eco Friendly Construction” on 20.11.2021. The main aim of this webinar is to make the students awareness about green building construction, Building materials and resources.

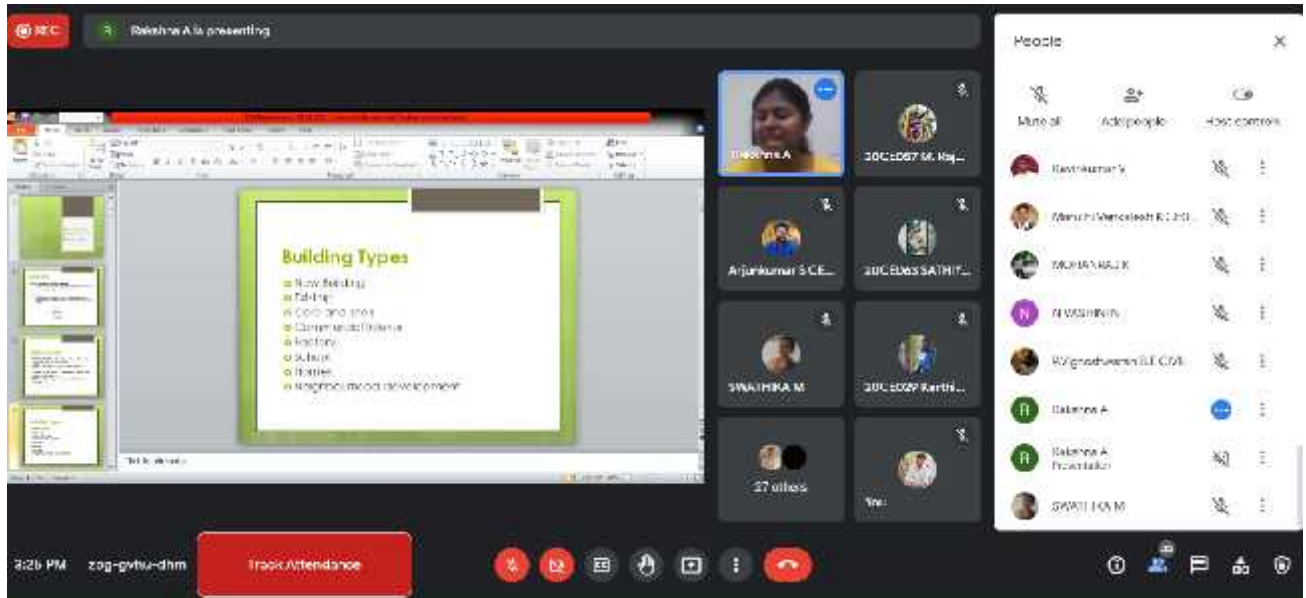

Ms. Rakshna Alagendran, M.E. Structural Engineering, an IGBC accredited professional and currently working at Lead Consultancy and Engineering Services, Bangalore as Green Building Facilitator, gave a brief presentation on Eco Friendly Construction, the benefits over conventional construction, the highlighted points are Indoor environmental quality, mandatory rules, construction activities and so on.

Finally, Ms. Rakshna Alagendran has interacted with us and answered our questions. Totally 35 participants participated in the webinar through google meet.
