Event Summary

Department of Electronics and Communication Engineering in association with Office of Alumni Relations organizes Alumni lecture series V on Kick-start your Career in IT Sector. Resource person : Mr.N.Abdur Rahman (2018-2022 batch), Trainee Engineer, Avasoft Private Limited, Chennai. The event provides insights into different IT career paths, job roles, and industry trends. Career guidance sessions help the participants to make informed decisions about which areas of IT align with their interests and skills. He also provided a comprehensive overview of the current state of the IT industry, emphasizing its dynamic nature and the rapid pace of technological advancements. Insightful statistics and trends were shared to illustrate the growing demand for skilled IT professionals across various domains. The guest speaker delved into different career pathways within the IT sector, highlighting the diverse range of roles available, from software development and cyber security to data analytics and project management. Specializations and emerging trends, such as artificial intelligence, cloud computing, and cyber security, were discussed to guide participants in making informed career choices. He also stressed the importance of continuous learning in the fast-paced IT industry.
