Event Summary

On the occasion of World Health Day on 07/04/2024, the Department of Biomedical Engineering in association with the Centre for Staff Development and Career Development Cell organized a Guest Lecture titled 'Wellness & Fitness' on 06/04/2024 at 11.00 AM at 360° Hall, KPRIET. Dr.R.Priyavadhana, MD, DNB,(PMR), DPMR Consultant Physiatrist & Rehabilitation Incharge, Royal Care Super Speciality Hospital, Coimbatore as the Resource Person, the Event was conducted. In the event, The guest lecture by Dr. R. Priyavadhana, MD, DNB, (PMR), DPMR Consultant Physiatrist & Rehabilitation Incharge, was an enlightening and informative session that delved into various aspects of wellness and fitness. Dr. Priyavadhana's expertise and experience in the field were evident throughout the talk, making it a valuable experience for all attendees. The lecture covered a wide range of topics related to daily routine activities, daily exercises, and the importance of a power nap in maintaining overall health and fitness. Dr. Priyavadhana provided practical tips and insights on how to incorporate these elements into our daily lives, emphasizing the significance of consistency and balance. One of the highlights of the talk was Dr. Priyavadhana's emphasis on the holistic approach to wellness, addressing not only physical fitness but also mental and emotional well-being. This comprehensive perspective resonated well with the audience and sparked meaningful discussions on how to achieve a balanced lifestyle. Overall, the event received positive feedback from attendees, who appreciated Dr. Priyavadhana's expertise, engaging presentation style, and the practical advice shared during the lecture. The insights gained from the session will undoubtedly inspire individuals to make positive changes in their daily routines to enhance their overall wellness and fitness levels.
