Event No	BESI002
Organizing Department	Biomedical Engineering Society of India
Associate Dept. NSC	Biomedical Engineering
Date	29/10/2022
Time	11:00 AM to 12:00 PM
Event Type	Association Activity
Event Level	Institute
Venue	BMI Lab
Meeting Medium	
Meeting Link	https://meet.google.com/hwa-bqyx-frt
Registration Link	https://forms.gle/Cm5C7n2aCDeHm9cbA
Total Participants	86
Faculty - Internal	6
Students - Internal	80

Related SDG**Involved Staffs**

Sl	Name	Role
1	Logesh Kumar S	Coordinator

Outcome

The main purpose of the event is to develop interest in Biomedical subject areas and its healthcare applications. Students can able to logically think and connect the images of Connect-O-mania and identify the hidden Biomedical Device names including Radiological Equipments, Therapeutic Equipments, Diagnostic Equipments, Biomedical Instrumentations, Pathology & Microbiology Equipments. Virtual platform based competition gives better experience to the participants.

Event Summary

The Department of Biomedical Engineering in association with the BMESI student chapter organized 'Connect-O-Mania' on 29.10.2022. The students were actively participated in the Online Connection based quiz and it evaluates their task challenging skill sets on basic biomedical equipments, radiological equipment and Diagnostic & Therapeutic equipment knowledge levels. The event was aimed to induce and enhance the biomedical devices and new modern equipment knowledge level to the BME students. Nearly 80 students participants and 6 faculty members attended the Connect-O-Mania session. The meeting started with a key note by the event coordinator Dr. S. Logesh Kumar, followed by welcome address by Ms. S. Gokula priya (IV year BME). Then Mr. K. Vishnu (III year BME) shared the Connect-O-Mania event rules and how to play this technical quiz event. The BMESI student coordinators provides logistic support and smooth conduction of the quiz event. After every questions were posted the students enthusiastically and technically connect the images and posted their answers. Many students showcased their brilliance by rapidly answering the questions. It was a very informative and knowledge enriching competition for the participants along with the faculty audience. A healthy competition between BME students develop a good relationship between II, III and IV year students. However they knew modern medical device name, leading healthcare industry name, Product applications and functional features. And the final winners and runners were awarded with a certificate of appreciation. And Ms. Aaditi (IV Bme) gives vote of thanks to the participants.
