AWARENESS PROGRAMME ON
NETWORKING AS CAREER

An awareness program on “Networking as Career” was organized on 04.01.2020 (Saturday) for 50 students of II-year and III-year of Electronics and Communication Engineering department.

The session was ignited by Mr. Arvind Govindaraj, Regional Head, UTL Technologies Ltd, Bangalore. He outlined the job opportunities available in the networking domain. He highlighted the importance of updating oneself in the coding languages of C++, .NET and JAVA to fill the industry academic gap. Also he conducted attitude test to understand the importance of team work and other soft skills required for the corporate world.

Participants were interactive throughout the session and understood the importance of software skill and the nature of work in software industry. This Guest lecture will benefit all aspiring participants who are interested in getting placed in software industries.
