

KPR INSTITUTE OF ENGINEERING & TECHNOLOGY DEPARTMENT OF ECE

WORKSHOP ON “Introduction to TensorFlow”

Google Developers Group
Coimbatore

24.08.2019

CP Lab

10:00 am to 05:00 pm

The Department of ECE in association with “**Google Developers Group (GDG Coimbatore)**” has organized a one day one day workshop on topic “**Introduction to TensorFlow**” with the support of **Mr.Ramki**, Program Manager, GDG Coimbatore on August 24th 2019 at CP Lab.

The session was handled by **Mr.Navaneeth.M**, R & D consultant, GDG Coimbatore and the workshop was exclusively arranged for students. Totally 35 students from Department of ECE, CSE and Biomedical participated actively in the workshop. The hands on session covered:

- Basics of Python
- Basics of Artificial intelligence(AI)
- Interdisciplinary applications of AI
- Working on TensorFlow in CoLab
- Hands-on in TensorFlow projects

Mr.Ramki briefed on the various opportunities for the students by **GDG community** such as student membership opportunities, project training and guidance by developers all over the world, offer to attend to meetups, Entrepreneurship training and guidance, training for women under Women techmakers program.

The workshop was an eye-opener for students regarding the futuristic technology, GDG community, Project and scope of jobs in AI and Deep Learning. The workshop received highly positive feedback and students requested further sessions in near future.
